

Shifted: Episode 2

Leigh Evanss perception of reality is about to be shifted. On the night of her high school graduation, Leigh stumbles onto a secret hiding in her sleepy rural town. What appears to be a case of serial abduction and murder is something darker, more sinister. Enter Peter and Mollie Monroe, twins trained to hunt down and destroy the things that give people a reason to be afraid of the dark. When the lives of these three intersect, nothing will ever be the same. Leigh is thrust into a world she never knew existed, faced with dark creatures and secrets about her own past. Episode 2: Not everything is as it seems when Peter and Leigh investigate the brutal murder of a seemingly innocent couple. The job takes them to Peters aunts house, where Peter is forced to deal with his loss and the consequences of his actions. This is the second episode of the SHIFTED Serial and is novelette length (approximately 15,000 words). Additional episodes will be released every two weeks.
