

The Secret to Law of Attraction Success: Affirmations to Rewire Your Thinking

There are times in a person's life where we almost feel entitled to be bitter or negative - as though we earned that right by getting older. However, if you allow life circumstances to mold you into a negative person - this habit of being bitter will rob you of your happiness. If you want to live a life of prosperity, your thoughts must match the frequency of prosperity and success. If you want to be happy and optimistic about life - you must vibrate at the frequency of such feelings. Make your dominant thoughts be thinking that serves to improve your life. These affirmations are meant to help you become a more positive person by changing the habits of your usual thinking. Listen to or read these affirmations regularly to create a habit of positive thinking. This kind of habit can change your entire outlook - and your life.
