

Dark Wolf (Dark Wolf Series Book 3)

Kate Townsend is a loner who learned the hard way that she can only rely on herself. But when she wakes up in a strange building with three months of her life gone, she knows she needs help. She is irresistibly drawn to the home of a man she's never met, who tells her she's become one too. Rowan Johnson was a victim of the Dark Wolf formula and in a moment of madness bit Kate. His guilt over changing her life makes him vow to protect her from the wolves who are hunting her. Now Rowan has to convince the woman he is growing to love that he can keep her safe when he's the one who put her in harm's way.
