

## Fever (Blood Moon Rising Book 1)

When the Blood Moon rises, the wolves come out to play and find their mates. Danica has about given up on love. In a last-ditch attempt at finding the one, she agrees to a blind date through an online dating service. But instead of finding roses and romance, she finds someone intent on killing her. That is, until the mysterious, brooding Gage shows up to save her. Gage is running out of time to find a mate. If the Blood Moon sets before he can find her, he'll lose the rank of packmaster and the peace within the pack he's worked so hard to obtain. When he saves a luscious blonde in the parking lot, he has no idea she is his mate until he marks her with his touch. Determined to keep her safe at any cost, Gage whisks Danica away into a hidden world full of lust, unlikely love, and treachery. Someone's put a hit on his mate, and he's hell-bent on finding out who, all while the Blood Moon looms closer, threatening to destroy his chances at true love forever. That is, if someone doesn't kill the woman he's falling for first. Recommended 18+ for frequent, explicit sexual situations and language. BBW Werewolf Romance. Book 1 of 6
