

Lucky Thirteen (The Raiford Chronicles) (Volume 1)

Twelve women are dead, and a thirteenth is missing. Detective Ray Reynolds races time to catch a killer. Nothing ties the victims together, except the way in which they died. What Ray discovers blows him away as the battle takes on a supernatural element. There's just one small catch: evidence points to Ray as the murderer. From a small town in Mississippi, Larkin Sloan is a dynamic young teacher in the equally small town of Eau Rouge, Louisiana. Abducted, she foregoes common sense and rational behavior in order to stay alive and not become the thirteenth victim of a serial killer.
