In the first seven chapters of this book I have tried to remove a few of these difficulties ;to provide the necessary preparation ;and to exhibit the relation in which mysticism stands to other forms of life. I f, then, the readers of this section are enabled by it to come to the encounter of mystical literature with a greater power of sympathetic comprehension than they previously possessed, it will have served the purpose for which it has been composed.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
