The Mind Sweeper Novellas Box Set: Discover the Mind Sweeper series through the eyes of Jean Luc and Talia in these two novellas. *The Fledgling* - A Novella (Book 2 - approximately 20,000 words) Vampire Jean Luc Delacroix has been alive for nearly four hundred years. Alive, but not really living. This changes when he meets newly turned vampire, Talia. Feisty and beautiful, Talia is the first female Jean Luc has been attracted to in centuries. But when he finds out she is also a bounty hunter who is interfering with his investigation of a supernatural serial killer, he pushes her away for her and his own good. Bitten and thrust into the supernatural world against her will, Talia wants nothing more than to do her job. She doesn't have time to deal with an overbearing, ridiculously sexy vampire. But Jean Luc and Talia butt heads on their single-minded crusade to stop a murderer. And unless they can set aside their troubled pasts and learn to trust each other, they may never have an opportunity to explore their true feelings. Especially when they face off with the killer. *The Pursuit* - A Novella (Book 4 - approximately 24,000 words) Thirty years after their initial meeting, Jean Luc Delacroix and Talia Walker once again cross paths. After seeing Talia again, Jean Luc's feelings reignite. This time he will do whatever it takes to make her a permanent part of his life. Talia learned everything she knows about love and about being a vampire from Jean Luc. And when she comes face to face with Jean Luc again, she wonders if her continued independence is as important as being with the vampire she still loves. Before either can acknowledge their feelings, they are embroiled in a deadly case of a vampire draining humans. In the midst of an investigation that threatens the very foundation of the vampire nation, can Jean Luc and Talia finally find the courage to follow their hearts? Or will the killer destroy them
