

The Art of Friendship: 70 Simple Rules for Making Meaningful Connections

Real friendships, that rarity in our modern life of casual attitudes and frantic schedules, are on the brink of extinction. This stylish and elegant primer on making and maintaining authentic friendships throughout ones life is the antidote. Thoughtfully composed by Roger Horchow, legendary retail magnate, and Sally Horchow, Rogers daughter, this audiobook explains how making true connections greatly enhances ones experience of life. At the core of The Art of Friendship are 70 simple but effective rules of connecting. Recognizing that valuable friendships come in many forms, the authors offer practical and proven advice, including how to create rapport, even in a crowd; how to transform an acquaintance into a friend; when to e-mail, pick up the phone, send a note, or connect in person; how to maintain long-term friendships, and when its time to quit. Whether the goal is to start a new relationship, cement a developing alliance, or reinvest in a long-standing friendship, The Art of Friendship will help to make the connection.
