

## Fire Heart: A Coming of Age Novel about Risking Your Heart and Embracing the Fire of Love (Broken Bottle Series) (Volume 2)

FIRE HEART is a Coming of age story that tells about family alcoholism through the eyes of love, heartbreak and dysfunction. Nicky Young is awakening, and with feelings of desire and sensuality come every fear she knows: abandonment, loss, and all good things ending. In our house, family wasn't cherished or held. None of us were touted as special. It was up to us to create love for ourselves. The Broken Bottles Series is about stopping the pattern of family secrecy, reaching out for love and intimacy, and learning to surround ourselves with support and love, so we can open our hearts and stop our fears. It's learning to love oneself and believe that we mean something. My restless spirit, my Evil Twin that I'd given birth to a few days earlier, wouldn't let me relax. Or maybe, it was that I wasn't going to take the consequences of remaining passive any longer. The vividness of sexual intimacy is on Nicky's mind and she has two boys in her life that cause her to indulge in her fantasies - often. Sex isn't an easy issue for her. Rigid morals and spiritual beliefs that are grounded in fear rather than love, and jaded experiences surrounding sex have colored it negatively. Still, she struggles to open and reach for that world. After all, if her own father chooses the bottle and the bar over her, why would any man love her? Family alcoholism has affected even her relationships with friends. She remains distant and overly careful when sharing her dreams, afraid of being disappointed. Her confidence is often shattered by the broken promises of her parents. With each touch, I came to life in a different way. Rather than analyze and resist, I moved naturally and willingly under his physical power. I wanted him to take me wherever he wanted so we could fall into each other more deeply. His lips gently sucked on the tender softness of my inner thigh. Those lips made me feel as if I were lying in the ocean, taken by its swells and forced to

ride its power. My moans were dramatic and they danced inside and outside of my body. In *Fire Heart*, Nicky faces the issues of sex in a more direct way, but also commitment, a promise of love, and deepening friendships along with the struggle to forgive her parents and let go of anger so she can move forward in her life a free woman ready to take on an adult world. Even if we get bruised and hurt along the way... isn't it better to feel the challenges of life instead of staying numb and a permanent victim of mental and physical abuse because we've had to live with people who are sick?

One volume gathers together his essays, the other his early novels and stories. series, because so many hundreds of his pages coming all at once urge . laid to my charge to keep my own heart free of hatred and despair. ..
